Explanatory statement under Section 102 of the Companies Act, 2013

The following statement sets out all material facts relating to the Special Businesses mentioned in the accompanying Notice:

Item No. 4: To consider and ratify Cost Auditor's remuneration for the Financial Year 2026-27:

On the recommendation of the Audit Committee, the Board of Directors of the Company, has appointed M/s. Aruna Prasad & Co., Cost Accountants, as the Cost Auditor to conduct the audit of the cost accounting records of the Company for the Financial Year 2026-27 at a remuneration of Rs.2,00,000/- (Rupees Two Lakhs only) plus reimbursement of travelling and out of pocket expenses.

In accordance with the provisions of Section 148 of the Companies Act, 2013 ("the Act") read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board, has to be ratified by the members of the Company.

Accordingly, ratification by the members is sought for the remuneration payable to the Cost Auditors for the financial year ending 31st March 2027 by passing an Ordinary Resolution as set out at Item No. 4 of the Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board recommends the Ordinary Resolution set out at Item No. 4 for member approval.

Item No. 5: To consider and ratify excess remuneration paid to Ms. P. Parvathi (DIN: 00016597), CMD, for the Financial Year 2025-26:

As per the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its meeting held on 25th January 2022 re-appointed Ms. P Parvathi as Managing Director of the Company for a period of five years with effect from 1st April 2022 to 31st March 2027. The shareholders by Special Resolution through Postal Ballot on 30th June 2022 have approved her re-appointment to the office of the Managing Director, and approved the terms of her re-appointment, including the remuneration package in terms of proviso to Section II (A) of Part

II of Schedule V of the Companies Act, 2013, in connection with her re-appointment.

Necessary disclosures under Section II of Part II of Schedule V of the Companies Act, 2013 had been made to the members at the time of seeking approval of the members by special resolution and necessary approval had been obtained for the payment of minimum remuneration to Ms. P. Parvathi in case the company has no profits or its profits are inadequate. However, as per the proviso to Section II of Part II of Schedule V of the Companies Act, 2013 the said Special Resolution for payment of minimum remuneration in case the company has no profits or its profits are inadequate was valid for a period of three years, i.e., upto 31st March 2025.

During FY 2025-26, the Company experienced an unpredictable market slowdown resulting in inadequacy of net profits calculated under Section 198. Due to this drop in net profits, the total remuneration already paid out to the Managing Director exceeded the statutory ceiling limit of 5% of the net profits of the Company for that year by an amount of Rs.66,17,306/-.

As per the provisions of Section 197(9) of the Act, any remuneration paid in excess of the statutory limit must be refunded by the director within two years unless the company waives/ratifies it by passing a Special Resolution.

The Nomination and Remuneration Committee and the Board of Directors, in their respective meetings, reviewed the operational commitment and leadership provided by the CMD during tough financial times. They considered the amount of remuneration is appropriate and reflective of standard industry capacity.

None of the Directors, Key Managerial Personnel (KMP) of the Company, or their relatives, except Ms. P. Parvathi, CMD, is concerned or interested, financially or otherwise, in this resolution.

The Board recommends the Special Resolution set out at Item No. 5 for member approval.

Item No. 6: To consider payment of minimum remuneration to Ms. P. Parvathi (DIN: 00016597), CMD, during the Financial Year 2026-27:

As stated in explanatory statement for Item No.5, Ms. P Parvathi has been re-appointed as Managing Director of the Company for a period of five years with effect from 1st April 2022 to 31st March 2027. On 30th June 2022 the Members of the Company by Special Resolution through Postal Ballot approved the re-appointment Ms. P Parvathi as Managing Director of the Company for a period of five years with effect from 1st April 2022 and approved the terms of her re-appointment, including the remuneration to be paid during the said five years.

Due to inadequacy of profit during FY 2025-26, the remuneration paid to Ms. P. Parvathi, CMD, during FY 2025-26 exceeded the limits of 5% of the profits as per the provisions of Section 197 of the Companies Act, 2013.

Considering the financial position of the Company during FY 2025-26 and present market conditions, and on the recommendations of the Nomination and Remuneration Committee, subject to the approval of the members by Special Resolution, the Board of Directors in the Board Meeting held on 12th August 2026 have approved the remuneration package of Ms. P. Parvathi, CMD, for FY 2026-27, as mentioned in the proposed resolution, as the minimum remuneration in case the company has no profits or its profits are inadequate, in terms of proviso to Section II (A) of Part II of Schedule V of the Companies Act, 2013.

The said proposed remuneration to be paid to Ms. P. Parvathi, CMD, during FY 2026-27 is in line with the remuneration package approved by the members on 30th June 2022, without any change.

The details of Ms. P Parvathi, as required to be given pursuant to the SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 and Secretarial Standards, are annexed to this Notice. For brevity, the particulars of the proposed remuneration, perquisites, and benefits payable to Ms. P Parvathi are not being set out in the explanatory statement and the members are requested to refer the same as set out in the body of the resolution.

Ms. P Parvathi shall be deemed to be concerned or interested in the resolution to the extent of remuneration payable to her under the resolution.

None of the Directors, Key Managerial Personnel (KMP) of the Company, or their relatives, except Ms. P. Parvathi, CMD, is concerned or interested, financially or otherwise, in this resolution.

The Board recommends the Special Resolution set out at Item No. 6 for member approval.

III. Other Information:

- (1) Reasons of loss or inadequate profits: South India houses a disproportionately large share of India's total cement manufacturing capacity. Due to the demand-supply mismatch, plants in the south operate at low capacity utilization levels (~60%), causing high fixed overhead costs per tonne. The prolonged conflict in West Asia and disruptions in the Strait of Hormuz have pushed up crude oil prices globally. This has resulted in a 30% to 35% spike in the costs of imported coal and petroleum coke (petcoke), which are essential for operating clinker kilns. Substantial increases in domestic diesel prices have directly translated into a steeper per-tonne selling and distribution expense. Cyclical adjustments—such as localized monsoon extensions, labor shortages, and delayed capital rollouts for state-level infrastructure projects—have created severe execution bottlenecks, leaving trade and non-trade demand sluggish.
- (2) Steps taken or proposed to be taken for improvement: The Company is looking forward to take steps including creation of new market, reduced fuel consumption, establish more dealer and direct user networks, which are in the best interest of the company. Though, the prices of raw materials and other inputs are influenced by external factors, the Company is making all possible efforts to improve the margins.
- (3) Expected increase in productivity and profits in measurable terms: The Company is very conscious about improvement in productivity and undertakes constant measures to improve it. However, it is extremely difficult in the present scenario of the economy to predict profits in measurable terms.

IV. Disclosures:

The remuneration package is given in the respective resolution and all other information has been provided in the Directors Report under Corporate Governance Report.

(Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To

The Members,
Deccan Cements Limited
L26942TG1979PLC002500
6-3-666/B, Deccan Chambers,
Somajiguda, Hyderabad-500 082

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Deccan Cements Limited** (hereinafter called the Company).

Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **March 31, 2026 (herein after called as Audit Period)** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2026 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of :
 - a) Foreign Direct Investment **(Not Applicable during the Audit Period)**
 - b) Overseas Direct Investment; **(Not Applicable during the Audit Period)**
 - c) External Commercial Borrowings **(Not Applicable during the Audit Period);**
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(not applicable during the Audit Period);**

- d. The Securities and Exchange Board of India (Share Based Benefits) Regulations, 2014; **(not applicable during the Audit Period)**;
- e. The Securities and Exchange Board of India (Issue and listing of Debt Securities) Regulations, 2008; **(not applicable during the Audit Period)**;
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 **(not applicable during the Audit Period)** and;
- h. The Securities and Exchange Board of India (Buy back of Securities) Regulations, 1998 **(not applicable during the Audit Period)**;

Observations:

1. It was observed that the Company transferred unpaid/unclaimed dividend of **Rs. 4,22,802/-** relating to **411 shareholders** for FY **2017-18** to the **Investor Education and Protection Fund (IEPF)** on **15th October 2025**, as against the statutory due date of **13th October 2025**, resulting in a delay of **2 days** under Section 125 of the Companies Act, 2013 read with the IEPF Rules.

As explained by the Management, the delay was due to the time taken by the Company's banker in completing cheque revalidation, reconciliation, and remittance procedures. The amount has since been duly transferred to the IEPF Authority.

2. It was observed that the Company transferred **14,370 equity shares** pertaining to **26 shareholders** to the **Investor Education and Protection Fund (IEPF) Demat Account** on **17th October 2025**, as against the statutory due date of **13th October 2025**, resulting in a delay of **4 days** under Section 125(6) of the Companies Act, 2013 read with the IEPF Rules.

As explained by the Management, the delay was due to procedural timelines involved in completing the corporate action through the depositories. **Form IEPF-4** was filed on **24th October 2025** immediately upon receipt of the final confirmation from the depositories, and no delay was observed in filing the said form.

3. The composition of the CSR Committee was inadvertently not incorporated in the Integrated Filing (Governance) filed for the quarter ended 30th June 2025 on 16th July 2025. The same was subsequently revised and re-filed on 24th October 2025.
4. It was observed that the minutes of the Board Meeting held on 9th August 2024 contained typographical errors in recording the remuneration particulars of a related party. The Board subsequently rectified the errors through a resolution passed at its meeting held on 16th October 2025. and the rectification was limited to correcting the recorded figures.
5. It was observed that the Company has paid/provided remuneration of ₹194.59 lakhs to the Chairperson and Managing Director during the financial year 2025-26. Since the Company had inadequate profits during the said financial year, the payment of such remuneration is subject to compliance with the applicable provisions of Section 197 read with Schedule V of the Companies Act, 2013. The Company has proposed to place a resolution before the members at the ensuing 46th Annual General Meeting for their approval in respect of the remuneration so paid/provided.
6. It was observed that certain typographical errors were inadvertently made in the Annual Return in Form MGT-7 filed by the Company for the financial year 2023-24, particularly in respect of the dates of meetings and attendance details of the Committee Meetings. The Company has filed an application for adjudication of the said non-compliance with the Registrar of Companies.

- vi. We further report that having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test- check basis, the Company has complied with the following laws applicable specifically to the Company:
- Cement (Quality Control) Order, 2003
 - Cement Cess Rules, 1993
 - The Electricity Act, 2003
 - The Mines Act, 1952
 - Mines and Minerals (Development & Regulation) Act, 1957
 - The Forest Conservation Act, 1980
 - Legal Metrology Act, 2009

We have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by The Institute of Company Secretaries of India.
- The Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We further report that -

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act:
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

After completion of the ongoing brownfield expansion project at the existing plant location, at present Deccan Cements Limited is having installed capacity of 4 Million Tons per annum. Deccan Cement with an existence of more than four decades has a good reputation in south Indian cement and is now ready to cater to growing infrastructure development projects.

Global Economy:

The IMF's July update has put the 2026 global growth at around 3.0%, while the World Bank's latest outlook is more cautious at 2.5%. The major risk is the further escalation of the Middle East conflict. The World Bank has warned that a much more severe escalation could reduce global growth dramatically, potentially toward 1.3% in an extreme scenario. Oil has recently moved sharply higher amid uncertainty around the U.S.–Iran situation. For oil-importing economies such as India, China, Japan and much of Europe, this is more impactful. From an Indian business perspective, the OECD's June outlook projected Indian growth to moderate from 7.6% in FY2025-26 to about 6.3% in FY2026-27, partly because of higher energy prices. Nevertheless, India remains one of the stronger large economies globally.

Indian Economy:

The Indian economy remains fundamentally strong, although growth is likely to moderate from the very high levels seen recently. On 5 August 2026 in its assessment the RBI kept the repo rate at 5.25%, retained a neutral policy stance and raised its FY2026-27 real GDP growth projection to 6.7%. The World Bank estimates that India grew 7.6% in FY2025-26, but expects growth to moderate to 6.6% in FY2026-27, partly because of geopolitical and energy-related pressures. The IMF's current country data puts 2026 real GDP growth at 6.4%. The important point is that India is less dependent on exports than many Asian economies, so weak global demand does not necessarily translate into a domestic recession. India's external position has improved considerably compared with previous periods of vulnerability. The World Bank notes India's strong foreign-exchange reserves, predominantly rupee-denominated public debt and relatively healthy financial sector as

important buffers against external shocks. India's exports could be affected by tariffs, protectionism and weaker global growth. However, India's large domestic market provides it some insulation.

Industry Structure and Developments:

CRISIL expects Indian cement demand to grow around 6.5–7.5% in FY27, primarily from infrastructure and industrial/commercial construction. However, additional capacity and competition are restricting the pricing substantially.

The South Indian cement industry has a positive demand outlook, but margins remains under pressure in the near term because of capacity additions and intense competition. South India, particularly Andhra Pradesh, Telangana, Tamil Nadu and Karnataka, is likely to remain one of India's most important cement markets. Infrastructure projects, such as, Highways and expressways, Irrigation projects, Ports, Metro/urban infrastructure, Industrial corridors, Airports, Power projects, Data centers and industrial facilities, Warehousing and logistics, Railways, which requires more cement, will be major drivers of growth in south India.

Opportunities:

Major infrastructure projects, which will boost the demand of cement, such as Vizhinjam International Seaport (with estimated project cost of ₹8,900 crore), the Bengaluru–Chennai Expressway (with approximately cost of ₹18,000 crore), the Chennai Metro Rail Phase-2 (with estimated project cost of ₹63,246 crore), and the Mappedu Multi-Modal Logistics Park in Tamil Nadu (with estimated project cost of ₹1,424 crore), South Coast Railway Upgrades, with ongoing network expansion and station modernizations with over ₹54,000 crore, Polavaram Irrigation Project with an estimated revised cost of ₹55,548.87 crore, Plans for 8 new industrial manufacturing clusters backed by ₹10,522 crore in baseline infrastructure near major ports like Visakhapatnam, Kakinada, and Krishnapatnam, Vizag-Chennai Industrial Corridor in the Kadapa district with a project infrastructure cost of ₹2,137 crore, Central and state road expansions—including sections of NH-365BG and NH-67—launching

connectivity packages valued over ₹1,880 crore, alongside larger regional expressway pipelines, Visakhapatnam Hyperscale Data Centre valued at ₹15,000 crore, Renewable Energy & Storage Parks: SAEL Industries solar and pumped-storage logistics buildouts across Kadapa and Kurnool totaling ₹22,000 crore, Phase-II of the Hyderabad Metro (₹24,237 crore), the Musi River development (₹1,500 crore), regional road expansions like the NH-930P widening (₹675 crore), and upcoming grade separators at Khajaguda Junction (₹220 crore).

Threats:

- Excess production facilities in a region may lead to tougher competition.
- The cement industry greatly relies on construction activities. Therefore, any problem in construction activities will affect the cement industry to a large extent.
- Scarcity in supply of raw material.
- Increase of power and fuel cost.
- Increase in steel and other building material cost will have impact on cement consumption.

However, the ongoing and proposed infrastructure projects will encourage the demand of cement in near future.

Segment-wise or product-wise performance:

The Company operates in a single product segment and the product is a generic one with small variations in the form of OPC, PPC, SRC etc., and it does not require much elaboration on segment wise / product wise performance.

Outlook:

Considering the overall situation and the developments taking place in Industry, the current and quarter is not encouraging. However, the outlook for the future is expected to be stable.

During December 2025, the company successfully completed its brown field expansion project. Accordingly, the present the cement production capacity is 4 Million Tons per annum.

During FY 2021-22, your Company had participated in the auction process for the purpose of grant of

Limestone Mining Lease in Rata Mandha-1A (RM-1A) Block, Shri Mohangarh Tehsil, Jaisalmer District, Rajasthan. *However, the auction process shall remain subject to the decision of the Hon'ble High Court of Rajasthan in SB Civil WP No.16345/2018.* Though, the Company was declared as the preferred bidder in December 2021, the Letter of Intent (LOI) was issued in March 2023. Your company is in the process of obtaining the statutory approvals required for the mining operations.

During FY 2024-25, your company had participated in the auction process for the Limestone Mining Lease in Block II - Saidulnama Block for Limestone Mineral in Mahankali Gudem village, Palakeedu Mandal, Suryapet District on 170.74 Hectare Area. The Company was declared as the preferred bidder in November 2024, and the Letter of Intent (LOI) was issued to the company in January 2025. Your company is in the process of obtaining the statutory approvals required for the mining operations.

Risks and Concerns:

The company can be said to have the following risks and concerns which are commonly applicable to any cement unit.

- Lower demand growth leading to Lower Capacity utilization;
- Drop in realizations which may impact the margins;
- Regular increases in cost of inputs leading to impact on margins;
- Probable Uncertainties in Coal supplies and increase in the prices;
- Upward revisions in international crude prices leading to Increase in transportation cost, for both input materials and finished goods;
- Adverse Changes in Government Policies impact the costs, demand and supply;

Internal Control Systems and their Adequacy:

The internal control system in the Company has a process designed to take care of various controls and audit requirements. It aims at effectiveness in the operations and protection of the company's assets

from any possible loss and unauthorised use. It also helps proper and correct data being recorded, ensuring transparency. The design of the processes is such that there is an adequate, appropriate and need based control on the activities / business operations of the Company.

The Internal Control system is backed by an established and adequate Internal Audit System which is carried out by an independent firm of Chartered Accountants of repute and experience. The internal auditors review periodically to ensure robust control systems for effective control. The internal auditors submit their reports to the Audit Committee of the Board of Directors for their review. The Internal Control system ensures that the Internal Audit Scope is adequate and their reviews are well directed to achieve the desired objectives. The Audit Committee also reviews the adequacy and effectiveness of internal control systems and suggests improvements from time to time.

The compliance of the legal and statutory requirements is given utmost importance to ensure efficiency in operations / reporting and controls. All parameters in all operations / activities are monitored regularly to ensure desired results.

Financial and Operational Performance:

During the year under review, the Company's operational performance was encouraging to some extent. During FY 2025-26 the Company sold 16.22 Lakh MT's of cement, as against 13.90 Lakh MT's during FY 2024-25, which is about 16.68% higher in FY 2025-26.

The revenue from Cement sales in FY 2025-26 stands at Rs. 62,893.56 Lakhs, as against Rs.51,964.02 Lakhs in FY 2024-25, which is about 21.03% higher in FY 2025-26. During FY 2025-26 the Company had a turnover of Rs. 63,561.42 Lakhs from operations which is about 20.62% higher than previous year (FY 2024-25: Rs. 52,697.72 Lakhs).

The demand for the product and the price fluctuations can be gauged from the fact that the volume of cement sale was higher by 16.68%, whereas, the revenue was higher by 21.03% during the year.

Details of the Company's Performance on the basis of sale of products are given in the Note No.18 to the Financial Statements forming part of this Annual Report.

With increase in the Volume of sales by 16.68%, the revenue from operations increased by 20.62% (Rs.10,863.70 Lakhs), due to more realisations. Further, due to increase in revenue, the EBITDA margin increased by 48.81%, and Profit before exceptional item and tax was increased by 99.07% (Rs.1,065.49 Lakhs) [FY 2025-26: Rs. 2,141.02 Lakhs V/s. FY 2024-25: Rs.1,075.54 Lakhs].

The Profit after Tax for the year stood at Rs. 2,859.12 Lakhs compared to Rs.753.30 Lakhs for the previous year (an increase of about 279.54%).

As per the requirement, the company is required to comment upon the changes in the specified ratios beyond a threshold limit (i.e. change of 25% or more as compared to the immediately previous financial year) along-with a detailed explanation thereof.

The details of ratios and the variance are as given below:

Particulars (Ratio)	2025-26	2024-25	Variance
Debtors Turnover Ratio	11.99	9.43	27.15%
Inventory Turnover Ratio	6.23	5.23	19.12%
Interest Coverage Ratio	1.78	1.84	(3.26%)

- (b) The company has installed world class machinery and State of Art technology for manufacturing of cement by taking care of energy conservation in the process and reduction in natural resources like 6 Stage pre-heater, Vertical roller mills, Reverse Air Bag House for Kiln Exit Gasses and Advanced PLC with FUZI Logic System for Pyro process optimization, Waste Heat recovery for Kiln & Cooler exit gasses, Railway siding for Cement transportation, Wagon tippler for coal unloading, etc., which are known best for the energy conservation and advanced technologies using as on date.
- (c) During the year Clinker factor was 64.46% with Fly Ash utilization of 31.29% in PPC, which impacts saving of natural resources like limestone and coal, etc.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material, etc.) per unit of product (optional):

- (a) **Reduction during sourcing/ production/ distribution achieved since the previous year throughout the value chain?**
- (b) **Reduction during usage by consumers (energy, water) has been achieved since the previous year?**

The company continuously putting its best efforts to reduce the Power/Coal and other fuels consumed per unit of cement produced. The details are as follows:

Consumption per MT of production	Industry Norms	Current Year (FY 2025-26)	Previous Year (FY 2024-25)
Electricity (KWH/MT of Cement)	100	73.76	75.33
HSD (LTRS/T of Clinker)	NA	0.7586	1.048
Specific Heat (K.Cal/Kg Clinker)	800	756.23	745.63

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

**INDEPENDENT AUDITOR'S CERTIFICATE
TO THE MEMBERS OF DECCAN CEMENTS LIMITED
CERTIFICATE ON CORPORATE GOVERNANCE**

This certificate is issued in accordance with the terms of our engagement letter dated 27th July, 2026.

We, M. Anandam & Co., Chartered Accountants, the Statutory Auditors of Deccan Cements Limited (the "Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on March 31, 2026, as per the relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') as referred to in Regulation 15(2) of the Listing Regulations.

Management's Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as per the relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') as referred to in Regulation 15(2) of the Listing Regulations during the year ended March 31, 2026.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Appropriateness of capitalisation of costs as per Ind AS 16 Property, Plant and Equipment During the year, the Company capitalised an amount of Rs. 99,082.05 lakhs as Property, plant and equipment towards the commissioning of Line 3. Given the significance of the capital expenditure, there is a risk that elements of costs that are ineligible for capitalization in accordance with the recognition criteria provided in Ind AS 16 - Property, Plant and Equipment are capitalized. Refer Note 2(viii) to the standalone financial statements – Material Accounting Policies and Note 3.1(a) of the standalone financial statements	Principal Audit Procedures We have performed the following procedures in relation to testing of capitalization of costs: - Understood, evaluated and tested the design and operating effectiveness of key controls relating to capitalization of various costs incurred in relation to Property, Plant and Equipment. - Performed test of details with focus on those items that we considered significant due to their amount or nature and tested a number of items capitalized during the year against underlying supporting documents to ascertain nature of costs and whether they meet the recognition criteria provided in Ind AS 16 in this regard. - Reviewed the other costs which are debited to Statement of Profit and Loss, to ascertain whether these meet the criteria for capitalization. - Reviewed the borrowing costs including interest cost capitalized as per Ind AS 23 "Borrowing Costs" - Assessed disclosures in financial statements in respect of Property, Plant and Equipment as specified in Ind AS 16.
2.	Assessment of litigations and related disclosures of contingent liabilities The Company has material litigations which involve significant judgement to determine the possible outcome of these litigations. Refer Note 30 of the standalone financial statements.	Principal Audit Procedures - We understood from the management, assessed and tested the design and operating effectiveness of the Company's key controls surrounding assessment of litigations relating to the relevant laws and regulations. - We have reviewed the legal and other professional expenses and enquired with the management for recent developments and the status of the material litigations which were reviewed. - Obtaining a litigation list and making inquiries, circulating and reviewing legal confirmations received from external counsel. - We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities/ other significant litigations disclosed in the standalone financial statements. - Discussing the status of the cases with the legal team regarding the progress and probability assessment of the outcomes. - We used auditor's experts/specialists to gain an understanding and to evaluate the disputed tax matters.

Sr. No.	Key Audit Matter	Auditor's Response
		- Evaluating the evidence supporting the judgement of the management about possible outcomes and the reasonableness of the estimates. - We evaluated management's assessments by understanding precedents set in similar cases and assessed the reliability of the management's past estimates/judgements. - Evaluating appropriateness of adequate disclosures in accordance with the applicable Indian accounting standards.
3.	Measurement of Inventories: Inventories as disclosed in Note 6 to the standalone financial statements include: - Raw materials comprising iron-ore, gypsum, limestone, laterite and fly ash; - Work-in-progress mainly comprising clinker - Coal The above items of inventory are stored in sheds, stockpiles and silos. As the weighing of these inventories is not practicable, management assesses the reasonableness of the quantities on hand by obtaining measurements of stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. The Company involves its team in the inventory count process. Due to the significance of inventory balances and related estimations involved, this is considered as a key audit matter.	Principal Audit Procedures The Company performs annual inventory counts at the year end and issues prior notification of procedures to be performed for such inventory counts. Our audit procedures to assess the existence of such items of inventory included the following: - Assessed the management's process of measurement of stockpiles and the determination of values using conversion of volumes and density to total weight and the related yield. - Obtained and reviewed the inventory count report of the management's team and assessed its accuracy on a sample basis.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 1(i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 1(b) above and paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- (g) With respect to the adequacy of the internal financial controls with reference to the standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act except for managerial remuneration aggregating to Rs. 194.59 lakhs, for which the Company is in the process of obtaining necessary approvals in the ensuing AGM.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 30 of the standalone financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been a delay of 2 days in transferring unpaid dividend amount to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented (Refer Note 41 of the standalone financial statements) that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented (Refer Note 41 of the standalone financial statements) that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. As stated in Note 35(B) to the standalone financial statements,
- (a) the final dividend paid by the Company during the year declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
- (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members of the Company at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software impacting books of account at application level.
- The database of the accounting software is operated by third party service provider and based on the information and explanations given to us the feature of recording audit trail (edit log) facility was not enabled at the database level. (Refer Note 42 to the standalone financial statements).
- Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.
- Further, the audit trail in respect of the previous year has been preserved by the Company as per the statutory requirements for record retention.
2. As required by the Companies (Auditor's Report) Order, 2020, ('the Order') issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(Referred to in paragraph 1(g) under ‘Report on Other Legal Regulatory Requirements’ section of our report to the Members of the Company of even date)

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of **Deccan Cements Limited** (“the Company”) as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Inherent Limitations of Internal Financial Controls with reference to the Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone

financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to the Standalone financial statements

A company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Annexure “B” to the Independent Auditor’s Report

With reference to Paragraph 2 under ‘Report on Other Legal Regulatory Requirements’ section of our report to the Members of the Company, we report that:

- i. In respect of the Company’s Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) According to the information and explanations given to us and the records of the company examined by us, the property, plant and equipment have been physically verified by the management in a periodical manner, which in our opinion is reasonable, having regard to the size of the Company and the nature of its business. No material discrepancies were noticed on such physical verification.
 - (c) Based on our examination of registered sale deeds and other documents, the title deeds of all the immovable properties disclosed in the standalone financial statements are held in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) The inventory has been physically verified by the management during the year. In our opinion, the coverage, frequency and procedure of such verification is reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on verification between the physical stocks and the book records were not exceeding 10% in the aggregate for each class of inventory and have been properly dealt with in the books of accounts.
 - (b) The Company is sanctioned working capital limits in excess of Rs.5 Crore during the year from banks on the basis of security of current assets. The quarterly statements of current assets filed by the Company with Banks are not in agreement with the books of account. Refer Note 37(b) to the standalone financial statements.
- iii. (a) During the year, the Company has granted unsecured loan to the wholly owned subsidiary. The Company has not made investments, has not provided any guarantee or security. The details of the loan given are as follows:

Particulars	Amount in lakhs
Aggregate amount granted during the year to	
- Subsidiaries	1.52
- Others	-
Balance outstanding as at balance sheet date in respect of above cases to	
- Subsidiaries	2.52
- Others	-

The Company does not have any joint ventures or associates.

- (b) In respect of the aforesaid loan, the terms and conditions under which such loans were granted are not prejudicial to the Company's interest. The Company has not made any investments or provided any guarantee or security.
- (c) In respect of loan granted by the Company, the schedule of repayment of principal has been stipulated and the repayments of principal amounts have generally been regular as per stipulation.
- (d) In respect of loan granted by the Company, there is no overdue principal amount remaining outstanding as at the balance sheet date.
- (e) The loan granted during the year has not fallen due nor has it been renewed or extended or settled by granting fresh loan. Hence, reporting under clause 3(iii)(e) is not applicable.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- iv. In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made. The Company has not provided any guarantees and security to the parties covered under Section 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. We have broadly reviewed the cost records maintained by the Company as prescribed under subsection (1) of section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. In respect of statutory dues:
- a) In our opinion, the Company is regular in depositing undisputed statutory dues in respect of Provident Fund, Goods and Services tax, Employees' State Insurance, Income Tax, and other statutory dues applicable to it with the appropriate authorities and there were no arrears of undisputed outstanding statutory dues as at the last day of the financial year concerned for a period of more than six months from the date they became payable. Sales Tax, Value Added Tax, Service Tax, Duty of Excise and Customs duty are not applicable to the Company.
- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026 on account of disputes are given below:

- xviii. There has been no resignation of the statutory auditors of the Company during the year.

- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. a) There is no unspent amount in respect of other than ongoing projects towards Corporate Social Responsibility (CSR). Hence, reporting under clause 3(xx)(a) of the Order is not applicable.
- b) The Company does not have ongoing projects relating to CSR. Hence reporting under clause 3(xx)(b) of the Order is not applicable.

Notes forming part of the standalone financial statements for the year ended 31st March 2026**1 Company Information:**

Deccan Cements Limited ('the Company') is a public limited company incorporated in India having its registered office situated at Deccan Chambers, 6-3-666/B, Somajiguda, Hyderabad, Telangana 500082. The Company is engaged in the manufacturing and selling of Cement, production and selling of power from hydel and wind sources and trading of tile adhesives.

2 Material Accounting Policies:

This note provides a list of the material accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

i) Statement of Compliance:

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, notified under section 133 of the Companies Act, 2013, ("Act") and other relevant provisions of the Act.

ii) Basis of preparation:

The standalone financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values as per Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

iii) Use of estimates and critical accounting judgements:

In preparation of the standalone financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

iv) Revenue Recognition:**i) Sale of Products**

Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods is transferred from the Company to the customer.

Cement: Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain substantially all the benefits from the asset. Revenue is measured based on consideration specified in the contract with a customer which is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excludes amounts collected on behalf of third parties.

Power: Revenue from sale of power is recognized net of wheeling and banking charges, line losses and the selling costs.

ii) Other income

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

v) Borrowing Costs:

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

vi) Employee Benefits:

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Gratuity obligations

The liabilities or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur,

directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss.

(iv) **Defined contribution plans**

The Company pays provident fund contributions to publicly administered funds as per local regulations and super annuation fund to LIC of India. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

(v) **Bonus plans**

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

vii) Income Taxes:

Tax expense for the year comprises current and deferred tax.

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax relating to items recognized directly in equity or other comprehensive income is recognised in equity or other comprehensive income and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they are related to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

viii) Property, plant and equipment (PPE):

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises of purchase price, applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

ix) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition cost

x) Depreciation and amortisation expenses:

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on the straight line method over the useful lives as prescribed in Schedule II to the Act.

The estimated useful lives of Property, Plant and Equipment are as follows:

Asset description	Life of the asset (in years)
Buildings	3 years to 60 years
Plant and Equipment	3 years to 40 years
Furniture and Fittings	3 years to 10 years
Vehicles	8 years to 10 years
Office equipment	3 years to 10 years
Railway Sidings	10 years to 15 years

Intangible assets are amortized on straight line method based on the estimated useful lives.

The amortized period and amortization method are reviewed at each financial year end.

Cost of compensatory land (intangibles) paid/ transferred to Government in lieu of forest land diverted for mining and free hold land for mining is amortized over the tenure of the mining lease. Cost of ERP Software is amortized over a period of four years.

xi) Expenditure during construction period:

Expenditure during construction period (including finance cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress and the same is allocated

to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

xii) Impairment of Assets:

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

xiii) Inventories:**Raw Materials, Fuel, Stores & Spares and Packing Materials**

These inventories are valued at lower of cost and net realizable value (NRV). However, these items are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost, Cost is determined on weighted Average basis.

Materials in Transit:

Valuation of Inventories of Materials in Transit is done at Cost.

Work-in-Progress (WIP) and Finished Goods

These inventories are valued at lower of cost and NRV. Cost of Finished Goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

xiv) Provisions, Contingent Liabilities and Contingent Assets :

The Company recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent Liabilities are also disclosed when there is a possible obligation arising

from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realised.

xv) Financial instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the company has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 - month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

Financial liabilities and equity instruments**Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and unsecured loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fairvalue result in general approximation of value, and such value may or may not be realized.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

xvi) Earnings Per Share :

The basic earnings per share is computed by dividing the profit/(loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, profit/(loss) for the year attributable to the equity shareholders and the weighted average number of the equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xvii) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

xviii) Government Grants:

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income. The benefit of a government loan at below current market rate of interest is treated as a government grant.

xix) Dividend Distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

xx) Rounding off amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakh with two decimals as per the requirement of Schedule III, unless otherwise stated.

xxi) Standards/Amendments issued but not yet effective:

Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants – Amendments to Ind AS 1 This amendment also includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, as outlined below. Under the existing Ind AS 1, where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach. However, the amended requirements stipulate that entities will no longer be permitted to consider lender waivers that are granted after the reporting date but before the financial statements are approved for the purpose of classification of loans. This amendment is required to be applied retrospectively in accordance with Ind AS 8. The company does not expect this amendment to have an impact on its operations or financial statements.

xxii) New standards or amendments issued under Companies (Indian Accounting Standards) Rules, 2015:**Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time:**

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has no impact of these amendments in its classification criteria.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The Company has no impact of these amendments as the entire operations of the Company are domiciled in India.

29. Employee benefits

(i) Leave obligations

The leave obligation covers the company's liability for earned leave which is unfunded.

(ii) Defined contribution plans

The company has defined contribution plans namely provident fund. Contributions are made to provident fund at the rate of 12% of basic salary plus DA as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contributions plan is as follows:

Particulars	31 st March 2026	31 st March 2025
Company's contribution to provident fund	157.74	161.27

(iii) Post-employment obligations

a) Gratuity

The Company provides for gratuity for employees as per the Code on Social Security, 2020. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Company operates post retirement gratuity plan with LIC of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The following table sets out the amounts recognised in the standalone financial statements in respect of gratuity plan

Expected contribution to post-employment benefit plan of gratuity for the year ending 31 March 2027 is Rs. 126 Lakhs.

iv) **Significant estimates and sensitivity Analysis**

The sensitivity of the defined benefit obligation to changes in key assumptions is:

Particulars	Key assumptions			Defined benefit obligation				
				Increase in assumption by			Decrease in assumption by	
	31 st March 2026	31 st March 2025	Rate	31 st March 2026	31 st March 2025	Rate	31 st March 2026	31 st March 2025
Discount rate	7.28%	6.79%	1%	713.56	651.70	1%	801.93	736.89
Salary growth rate	7.00%	7.00%	1%	805.47	739.87	1%	709.40	647.89
Mortality rate	100.00%	100.00%	10%	755.03	691.59	10%	755.00	691.62
Attrition rate	3.00%	3.00%	1%	755.02	690.22	1%	754.97	693.07

All amounts in Rs.lakhs, unless otherwise stated

The above sensitivity analysis is based on a change in each assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

v) Risk exposure

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

	Ministry of Power, Government of India, vide File No. 15127 12023-Hydel-II (MoP), Dated 25 th April 2023 addressed to The Chief Secretaries - All the State Governments & UTs, in connection with imposition of Water Tax / Cess by various State Government on HEPs, stated that "Hydro Power Projects do not consume water to produce electricity. Electricity is generated by directing the flow of water through a turbine which generates electricity- on the same principle as electricity from wind projects where wind is utilized to turn the turbine to produce electricity. Therefore, there is no rationale for levy of "water cess" or "air cess". The levy of water cess is against the provisions of the Constitution Entry-17 of List-II, does not authorize the State to levy any tax or duty on water. In light of the above constitutional provisions no taxes / duties may be levied by any State under any guise on generation of electricity and if any taxes / duties have been so levied, it may be promptly withdrawn."		
iii.	Electricity Duty: Duty on electricity generated and consumed was levied by the AP Govt at 25 paise per unit from 17-07-2003 to 23-5-2013. As per the directions of Hon'ble Supreme Court, subject to outcome of the SLP 18363/2016 (WP 6340/2004), the company has paid 15 paise per unit generated and consumed out of total duty of 25 paise per unit. v.	Voltage Surcharge Matter: Difference in the voltage surcharge charged by AP Transco for the period from Jan 1999 to Mar 2000 for which the company has filed WP 25326/1999, WP 595/2000, WP 2635/2000, WP 6802/2000 before the Hon'ble Telangana High Court, wherein the Hon'ble single judge bench passed the order favouring to APTRANSCO. Accordingly, the Company has paid entire demand of Rs.109.94 Lakhs and filed Writ Appeals. After hearing the Writ Appeals the division bench of Hon'ble Telangana High Court has set aside the order of single judge and remanded the matter for fresh adjudication. Accordingly, the Writ Petitions are active and pending for hearing. As the entire demand of Rs.109.94 lakhs has already been paid under protest, there is no contingent liability.	Nil	Nil

34. Financial instruments and risk management

Fair values

1. The carrying amounts of trade payables, other financial liabilities (current), borrowings (current), lease liabilities, trade receivables, cash and cash equivalents, other bank balances, other financial assets and loans are considered to be the same as fair value due to their short term nature.
2. Borrowings (non-current) consists of loans from banks, other financial liabilities (current) consists of security deposits from stockists.

All amounts in Rs.lakhs, unless otherwise stated

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximation of fair values:

* Fair value of instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

All amounts in Rs.lakhs, unless otherwise stated

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments are included in Level 3.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

The Company is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(A) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The analysis excludes the impact of movements in market variables on the carrying values of financial assets and liabilities .

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2026 and 31 March 2025.

(i) Foreign currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the capital advances. The risks primarily relate to fluctuations in Euros against the functional currencies of the Company. The Company's exposure to foreign currency changes for all other currencies is not material. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The following tables demonstrate the sensitivity to a reasonably possible change in Euros exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

(ii) Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts:

Foreign currency exposure (EURO)

Particulars	As at March 31 st 2026	As at March 31 st 2025
Capital advances	5.93	2,737.98
Net exposure to foreign currency risk	5.93	2,737.98

All amounts in Rs.lakhs, unless otherwise stated

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31-Mar-26	31-Mar-25	31-Mar-26	31-Mar-25
Change in EURO				
1% increase	0.06	27.38	0.04	20.49
1% decrease	(0.06)	(27.38)	(0.04)	(20.49)

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in Euros, where the functional currency of the entity is a currency other than Euros.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates.

As the Company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 st March 2026	31 st March 2025	31 st March 2026	31 st March 2025
Change in interest rate				
increase by 100 basis points	(270.96)	(107.31)	(202.76)	(80.30)
decrease by 100 basis points	270.96	107.31	202.76	80.30

The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.

(B) Credit Risk

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current held-to financial assets of the Company include trade receivables, employee advances, security deposits held with government authorities and bank deposits which represents Company's maximum exposure to the credit risk.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. The Company's exposure to

All amounts in Rs.lakhs, unless otherwise stated

credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including default risk associate with the industry and country in which customers operate. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. With respect to other financial assets viz., loans & advances, deposits with government and banks, the credit risk is insignificant since the loans & advances are given to employees only and deposits are held with government bodies and reputable banks. The credit quality of the financial assets is satisfactory, taking into account the allowance for credit losses. Credit risk on trade receivables and other financial assets is evaluated as follows:

(i) Expected credit loss for trade receivable under simplified approach:

Particulars	31 st March 2026	31 st March 2025
Gross carrying amount	4,875.14	5,807.01
Expected credit loss	(43.10)	(34.55)
Carrying amount of trade receivables	4,832.04	5,772.46

(ii) Expected credit loss for financial assets where general model is applied

The financial assets which are exposed to credit are loans to employees and loan to Wholly owned subsidiary

Particulars	31 st March 2026	31 st March 2025
Asset group	Estimated gross carrying amount at default	Estimated gross carrying amount at default

Expected credit losses	-	-
Net carrying amount		
Loan to Wholly owned subsidiary	2.52	1.00
Staff Loans	12.61	18.18
Total	15.13	19.18

(ii) Reconciliation of loss allowance provision

Particulars	Trade receivables
Loss allowance as at 01 April 2024	25.8
Changes in loss allowance during the year	8.75
Loss allowance as at 01 April 2025	34.55
Changes in loss allowance during the year	8.55
Loss allowance as at 31 March 2026	43.10

All amounts in Rs.lakhs, unless otherwise stated

(iii) Significant estimates and judgements

Impairment of financial assets:

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Company's treasury maintains flexibility in funding by maintaining availability under deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements:

The company had access to the following undrawn borrowing facilities at the end of the reporting period

Particulars	As at	
	31 st March 2026	31 st March 2025
Expiring within one year (bank overdraft and other facilities)	6,496.00	6,510.00

(ii) Maturities of financial liabilities

Contractual maturities of financial liabilities as at :

Particulars	31 st March 2026		31 st March 2025	
	Less than 12 months	More than 12 months	Less than 12 months	More than 12 months
Borrowings	19,465.68	55,802.73	16,733.19	54,668.41
Trade payables	5,329.54	-	3,615.36	-
Lease liabilities	-	-	10.69	2.52
Other financial liabilities	7,692.90	-	8,395.10	-
Total	32,488.12	55,802.73	28,754.34	54,670.93

(iii) Management expects finance cost to be incurred for the year ending 31 March 2027 to be Rs. 6,128.85 Lakhs.

35. Capital management

A. Capital management and gearing ratio

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the company's capital management is to maximise the shareholder value.

All amounts in Rs.lakhs, unless otherwise stated

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The company monitors capital using a gearing ratio, which is debt divided by total capital. The company includes within debt, interest bearing loans and borrowings.

Particulars	31 st March 2026	31 st March 2025
Borrowings		
Current	19,465.68	16,733.19
Non current	55,802.73	54,668.41
Debt	75,268.42	71,401.60
Equity		
Equity share capital	700.38	700.38
Other equity	74,368.65	71,543.63
Total capital	75,069.03	72,244.01
Gearing ratio in % (debt/ equity)	100.27%	98.83%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 31 March 2025.

B. Dividends

Particulars	31 st March 2026	31 st March 2025
Dividends recognised		
For the year ended, the directors have recommended final dividend of INR 0.50/- per fully paid equity share (March 31, 2025 - INR 0.60/-). This proposed dividend is subject to the approval of shareholders in the ensuing annual general meeting, hence the same is not recognised.	70.04	84.05

36. Segment information:

- The Company's Chairperson & Managing Director and Chief Financial Officer examine the Company's performance from a product perspective and have identified two operating segments viz., Cement Division and Power Division. Operations of both the segments are based in India. As per the threshold limits prescribed under Ind AS 108 "Operating Segments", the management has identified one reportable segment "Cement Division". Other segment "Power Division" is below the threshold limits prescribed under Ind AS 108. Hence, segment reporting is not given.

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company is in the process of restructuring the compensation of its employees and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs. The Company has assessed the financial implications of these changes which has resulted in the increase of gratuity liability by Rs.57.53 lakhs and long-term compensated absences by Rs. 12.78 Lakhs primarily due to change in wage definition. The Company has presented this incremental impact under

All amounts in Rs.lakhs, unless otherwise stated

“Employee benefits expense” in the Statement of Profit and Loss. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

- 41.** No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”) with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 42.** The Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software impacting books of account at application level. Also, the audit trail is not disabled/tampered. Further, the audit trail (edit log) is preserved as per the provisions of the Companies Act. However, the feature of recording audit trail (edit log) facility at database level is not enabled.

Independent Auditor's Report

To the Members of Deccan Cements Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **Deccan Cements Limited** (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, of its consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Appropriateness of capitalisation of costs as per Ind AS 16 Property, Plant and Equipment During the year, the Holding Company capitalised an amount of Rs. 99,082.05 lakhs as Property, plant and equipment towards the commissioning of Line 3. Given the significance of the capital expenditure, there is a risk that elements of costs that are ineligible for capitalization in accordance with the recognition criteria provided in Ind AS 16 - Property, Plant and Equipment are capitalized. Refer Note 2(viii) to the consolidated financial statements – Material Accounting Policies and Note 3.1(a) of the consolidated financial statements.	Principal Audit Procedures We have performed the following procedures in relation to testing of capitalization of costs: - Understood, evaluated and tested the design and operating effectiveness of key controls relating to capitalization of various costs incurred in relation to Property, Plant and Equipment. - Performed test of details with focus on those items that we considered significant due to their amount or nature and tested a number of items capitalized during the year against underlying supporting documents to ascertain nature of costs and whether they meet the recognition criteria provided in Ind AS 16 in this regard. - Reviewed the other costs which are debited to Statement of Profit and Loss, to ascertain whether these meet the criteria for capitalization. - Reviewed the borrowing costs including interest cost capitalized as per Ind AS 23 "Borrowing Costs" - Assessed disclosures in consolidated financial statements in respect of Property, Plant and Equipment as specified in Ind AS 16.
2.	The Holding Company has material litigations which involve significant judgement to determine the possible outcome of these litigations. Refer Note 30 of the consolidated financial statements.	Principal Audit Procedures - We understood from the management, assessed and tested the design and operating effectiveness of the Company's key controls surrounding assessment of litigations relating to the relevant laws and regulations. - We have reviewed the legal and other professional expenses and enquired with the management for recent developments and the status of the material litigations which were reviewed. - Obtaining a litigation list and making inquiries, circulating and reviewing legal confirmations received from external counsel. - We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities/ other significant litigations disclosed in the consolidated financial statements. - Discussing the status of the cases with the legal team regarding the progress and probability assessment of the outcomes. - We used auditor's experts/specialists to gain an understanding and to evaluate the disputed tax matters. - Evaluating the evidence supporting the judgement of the management about possible outcomes and the reasonableness of the estimates.

Sr. No.	Key Audit Matter	Auditor's Response
		- We evaluated management's assessments by understanding precedents set in similar cases and assessed the reliability of the management's past estimates/judgements. - Evaluating appropriateness of adequate disclosures in accordance with the applicable Indian accounting standards.
3.	Measurement of Inventories: Inventories of the Holding Company as disclosed in Note 6 to the consolidated financial statements include: - Raw materials comprising iron-ore, gypsum, limestone, laterite and fly ash; - Work-in-progress mainly comprising clinker - Coal The above items of inventory are stored in sheds, stockpiles and silos. As the weighing of these inventories is not practicable, management assesses the reasonableness of the quantities on hand by obtaining measurements of stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. The Company involves its team in the inventory count process. Due to the significance of inventory balances in the Holding Company and related estimations involved, this is considered as a key audit matter.	Principal Audit Procedures The Holding Company performs annual inventory counts at the year end and issues prior notification of procedures to be performed for such inventory counts. Our audit procedures to assess the existence of such items of inventory included the following: - Assessed the management's process of measurement of stockpiles and the determination of values using conversion of volumes and density to total weight and the related yield. - Obtained and reviewed the inventory count report of the management's team and assessed its accuracy on a sample basis.

Information Other than the Consolidated Financial Statements (Other Information)

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of the consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective management either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books except for the matter stated in paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of the preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company and the subsidiary company as on 31st March, 2026 taken on record by the Board of Directors of the respective company, none of the directors of the Holding Company and subsidiary company is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 1(b) above and paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Holding Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act except for managerial remuneration aggregating to Rs. 194.59 lakhs, for which the Company is in the process of obtaining necessary approvals in the ensuing AGM.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements (Refer Note No. 30 of the consolidated financial statements).
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been a delay of 2 days in transferring unpaid dividend amount to the Investor Education and Protection Fund by the Holding Company. There are no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary company.
 - iv. (a) The respective Managements of the Holding Company and its subsidiary company have represented (Refer Note 41 of the consolidated financial statements) that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium

or any other sources or kind of funds) by the Holding Company or its subsidiary company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiary company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The respective Managements of the Holding Company and its subsidiary company have represented (Refer Note 41 of the consolidated financial statements) that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or its subsidiary company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend. The subsidiary company has not declared or paid any dividend during the year.

As stated in Note 35(b) of the consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members of the Holding Company at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- vi. Based on our examination which included test checks, the Holding Company has used an accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software impacting books of account at application level.

The database of the accounting software is operated by third party service provider and based on the information and explanations given to us the feature of recording audit trail (edit log) facility was not enabled at the database level. (Refer Note 42 to the consolidated financial statements).

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

Further, the audit trail has been preserved by the Holding Company as per the statutory requirements for record retention.

The Subsidiary Company has used accounting software for maintaining its books of accounts which does not have feature of audit trail (edit log) facility. Accordingly, we are unable to comment on the reporting requirements with reference to the audit trail under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014.

The audit trail was not maintained in the prior year and hence, the question of commenting on whether the audit trail was preserved by the subsidiary company as per the statutory requirements for record retention does not arise.

2. As required by the Companies (Auditor's Report) Order, 2020, ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraph 3(xxi) of the Order.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(g) under 'Report on Other Legal Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls with reference to the consolidated financial statements of **Deccan Cements Limited** (“the Holding Company”) and its subsidiary company as of 31 March 2026 in conjunction with our audit of the consolidated financial statements of the Holding Company and its subsidiary company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and the subsidiary company have, in all material respects, an adequate internal financial controls system with reference to the consolidated financial statements and such internal financial controls with reference to the consolidated financial statements were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The respective management of the companies included in the group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Inherent Limitations of Internal Financial Controls with reference to the Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to the consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply

with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of internal financial controls with reference to the consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls with reference to the consolidated financial statements.

Meaning of Internal Financial Controls with reference to the Consolidated Financial Statements

A Company's internal financial control with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Notes forming part of the consolidated financial statements for the year ended 31st March 2026**1 Corporate Information:**

Deccan Cements Limited ('the Company'/'the Parent'/'the Holding Company') is a public limited company incorporated in India having its registered office situated at Deccan Chambers, 6-3-666/B, Somajiguda, Hyderabad, Telangana 500082. The Company together with its subsidiary is collectively referred to as "the Group". The equity shares of the Company are listed on the National Stock Exchange of India Limited (NSE) and BSE Limited (BSE), in India. The Group is engaged in the manufacturing and selling of Cement, production and selling of power from hydel and wind sources and trading of tile adhesives.

1.1 Principles and basis of consolidation

The Consolidated Financial Statements (CFS) include the financial statements of the Parent Company and its subsidiary.

Subsidiary

Subsidiary is entity controlled by the Group. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its involvement with the investee; and the ability to use its power over the investee to affect its returns.
- (iii) The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Holding Company, i.e. year ended on March 31.

Consolidation procedures:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with that of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.

- b. Offset (eliminate) the carrying amount of the Holding Company's investment in the subsidiary and the Holding Company's portion of equity of the subsidiary. Business combinations policy explains how to account for any related goodwill.
- c. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and property, plant and equipment and intangible assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profit and losses resulting from intragroup transactions.
- d. The excess of the Group's investment in a subsidiary over its share in the net worth of such subsidiary on the date control is acquired is treated as goodwill while a deficit is considered as a capital reserve in the consolidated financial statements.

Non-controlling interests (NCI)

NCI is measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. The Group presents the non-controlling interests in the Balance Sheet within equity, separately from the equity of the Group as owners.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Subsidiary considered in the consolidated financial statements:

Deccan Swarna Cements Pvt Ltd, incorporated in India, where the Holding Company has 100% ownership has been considered for the purpose of consolidated financial statements.

2 Material Accounting Policies:

This note provides a list of the material accounting policies adopted in the preparation of the consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

i) Statement of Compliance:

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, notified under section 133 of the Companies Act, 2013, ("Act") and other relevant provisions of the Act.

ii) Basis of preparation:

The consolidated financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values as per Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

iii) Use of estimates and critical accounting judgements:

In preparation of the consolidated financial statements, the Group makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

iv) Revenue Recognition:

i) Sale of Products

Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods is transferred from the Company to the customer.

Cement: Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain substantially all the benefits from the asset. Revenue is measured based on consideration specified in the contract with a customer which is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excludes amounts collected on behalf of third parties.

Power: Revenue from sale of power is recognized net of wheeling and banking charges, line losses and the selling costs.

ii) Other income

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

v) Borrowing Costs:

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

vi) Employee Benefits:

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) **Gratuity obligations**

The liabilities or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss.

(iv) **Defined contribution plans**

The group pays provident fund contributions to publicly administered funds as per local regulations and super annuation fund to LIC of India. The group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

(v) **Bonus plans**

The group recognizes a liability and an expense for bonuses. The group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

vii) Income Taxes:

Tax expense for the year comprises current and deferred tax.

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax relating to items recognized directly in equity or other comprehensive income is recognised in equity or other comprehensive income and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they are related to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

viii) Property, plant and equipment (PPE):

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises of purchase price, applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

ix) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition cost

x) Depreciation and amortisation expenses:

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on the straight line method over the useful lives as prescribed in Schedule II to the Act.

The estimated useful lives of Property, Plant and Equipment are as follows:

Asset description	Life of the asset (in years)
Buildings	3 years to 60 years
Plant and Equipment	3 years to 40 years
Furniture and Fittings	3 years to 10 years
Vehicles	8 years to 10 years
Office equipment	3 years to 10 years
Railway Sidings	10 years to 15 years

Intangible assets are amortized on straight line method based on the estimated useful lives.

The amortized period and amortization method are reviewed at each financial year end.

Cost of compensatory land (intangibles) paid / transferred to Government in lieu of forest land diverted for mining and free hold land for mining is amortized over the tenure of the mining lease. Cost of ERP Software is amortized over a period of four years.

xi) Expenditure during construction period:

Expenditure during construction period (including finance cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

xii) Impairment of Assets:

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

xiii) Inventories:

Raw Materials, Fuel, Stores & Spares and Packing Materials

These inventories are valued at lower of cost and net realizable value (NRV). However, these items are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost, Cost is determined on weighted Average basis.

Materials in Transit:

Valuation of Inventories of Materials in Transit is done at Cost.

Work-in-Progress (WIP) and Finished Goods

These inventories are valued at lower of cost and NRV. Cost of Finished Goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

xiv) Provisions, Contingent Liabilities and Contingent Assets :

The Group recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent Liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realised.

xv) Financial instruments:

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets**(i) Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal

amount outstanding. Further, in case where the Group has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

- (iv) The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and unsecured loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may or may not be realized.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counter party.

xvi) Earnings Per Share :

The basic earnings per share is computed by dividing the profit/(loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, profit/(loss) for the year attributable to the equity shareholders and the weighted average number of the equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xvii) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

xviii) Government Grants:

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income. The benefit of a government loan at below current market rate of interest is treated as a government grant.

xix) Dividend Distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

xx) Rounding off amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lakh with two decimals as per the requirement of Schedule III, unless otherwise stated.

xxi) Standards/Amendments issued but not yet effective:

Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants – Amendments to Ind AS 1

This amendment also includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, as outlined below.

Under the existing Ind AS 1, where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

However, the amended requirements stipulate that entities will no longer be permitted to consider lender waivers that are granted after the reporting date but before the financial statements are approved for the purpose of classification of loans. This amendment is required to be applied retrospectively in accordance with Ind AS 8.

The group does not expect this amendment to have an impact on its operations or financial statements.

xxii) New standards or amendments issued under Companies (Indian Accounting Standards) Rules, 2015:

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time:

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025.

The group has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Group has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The group has no impact of these amendments in its classification criteria.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The group has no impact of these amendments as the entire operations of the group are domiciled in India.

iv) Significant estimates and sensitivity Analysis

The sensitivity of the defined benefit obligation to changes in key assumptions is:

Particulars	Key assumptions		Defined benefit obligation					
			Increase in assumption			Decrease in assumption		
	31 st March 2026	31 st March 2025	Rate	31 st March 2026	31 st March 2025	Rate	31 st March 2026	31 st March 2025
Discount rate	7.28%	6.79%	1%	713.56	651.70	1%	801.93	736.89
Salary growth rate	7.00%	7.00%	1%	805.47	739.87	1%	709.40	647.89
Mortality rate	100.00%	100.00%	10%	755.03	691.59	10%	755.00	691.62
Attrition rate	3.00%	3.00%	1%	755.02	690.22	1%	754.97	693.07

The above sensitivity analysis is based on a change in each assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

v) Risk exposure

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

30. Contingent Liabilities

S. No	Particulars	As at 31 st March 2026	As at 31 st March 2025
i.	<u>Sales tax matters:</u> Sales tax demand for the deemed excess production based on the Energy audit for the years 1999-2000 & 2000-01. Stay has been granted by the High court of Telangana in SPLA 1/2007 and SPLA 2/2007, matters are pending for hearing.	85.68	85.68
ii.	<u>Water Usage Rate:</u> The A.P. Government has issued a G.O. Ms.No 39, levying water cess on the quantum of water used in the generation of power and demanded payment of Rs.723.29 Lakhs for the period 1997 to February 2008. Company has filed Writ Petition 2816/2003 before the Hon'ble Andhra Pradesh, and the matter is pending. An amount of Rs.39,16,506/- has been paid out of Total demand of Rs.7,62,45,560. Balance amount of Rs.7,23,29,054/- is being shown as Contingent Liability. Further, the Irrigation & CAD Department, Govt. of AP vide their letter dated 15.06.2017 to the Company have stated that total demand upto February 2017 was Rs.15,92,21,667/- calculated as per the GOMs.No 39, out of which Rs.63,91,508/- had been paid as per the old calculations, and Balance was shown as Rs.15,28,30,159/- Ministry of Power, Government of India, vide File No. 15127 12023-Hydel-II (MoP), Dated 25th April 2023 addressed to The Chief Secretaries - All the State Governments & UTs, in connection with imposition of Water Tax / Cess by various State Government on HEPs, stated that "Hydro Power Projects do not consume water to produce electricity. Electricity is generated by directing the flow of water through a turbine which generates electricity- on the same principle as electricity from wind projects where wind is utilized to turn the turbine to produce electricity. Therefore, there is no rationale for levy of "water cess" or "air cess". The levy of water cess is against the provisions of the Constitution Entry-17 of List-II, does not authorize the State to levy any tax or duty on water. In light of the above constitutional provisions no taxes / duties may be levied by any State under any guise on generation of electricity and if any taxes / duties have been so levied, it may be promptly withdrawn."	2,278.68	2,162.01
iii.	<u>Electricity Duty:</u> Duty on electricity generated and consumed was levied by the AP Govt at 25 paise per unit from 17-07-2003 to 23-5-2013. As per the directions of Hon'ble Supreme Court, subject to outcome of the SLP 18363/2016 (WP 6340/2004), the company has paid 15 paise per unit generated and consumed out of total duty of 25 paise per unit. vi.	<u>Entry Tax:</u> Levy of entry tax on the purchase of certain goods from FY 2012-13 to FY 2016-17. Appeals are pending before Appellate Tribunal. 50% of the disputed amount has been paid before filing the appeals.	18.38	18.38
v.	<u>Voltage Surcharge Matter:</u> Difference in the voltage surcharge charged by AP Transco for the period from Jan 1999 to Mar 2000 for which the company has filed WP 25326/1999, WP 595/2000, WP 2635/2000, WP 6802/2000 before the Hon'ble Telangana High Court, wherein the Hon'ble single judge bench passed the order favouring to APTRANSCO. Accordingly, the Company has paid entire demand of Rs.109.94 Lakhs and filed Writ Appeals. After hearing the Writ Appeals the division bench of Hon'ble Telangana High Court has set aside the order of single judge and remanded the matter for fresh adjudication. Accordingly, the Writ Petitions are active and pending for hearing. As the entire demand of Rs.109.94 lakhs has already been paid under protest, there is no contingent liability.	Nil	Nil
vi.	<u>Wheeling Charges:</u> (A) Consequent to the judgement passed by the Hon'ble Supreme court, the Company had made a provision of Rs.962.41 Lakhs towards Wheeling Charges during the financial year 2019-2020. The Company has reversed excess provision of Rs.124.12 Lakhs during FY 2024-25.	-	-
	(B) The company has received demand notice from TSSPDCL for Rs.2,336.05 Lakhs (including interest of Rs.1,725.76 Lakhs). The Company has filed Writ Petition 31170/2021 challenging the levy of interest. The Hon'ble High Court of Telangana put a stay on the interest portion of Rs.1,725.76 Lakhs till further order, whereas, as per the directions of the Hon'ble High Court of Telangana, the Company has paid the entire differential Wheeling Charges of Rs.726.64 Lakhs to TSSPDCL.	1,725.76 (Disputed Interest Amount)	1,725.76 (Disputed Interest Amount)
	(C) The Company had received demand of Rs.101.62 Lakhs from APCPDCL for differential Wheeling Charges for the period 2014-15 to 2018-19. However, on the representation by the Company, APCPDCL has revised the demand to Rs.22.04 Lakhs, subject to verification/reconciliation. Accordingly, the Company has paid Rs.22.04 Lakhs to APCPDCL on 18.09.2020.	-	-
	(D) The Company had received demand of Rs.10.03 Lakhs from APSPDCL for the differential Wheeling Charges for FY 2015-16. The Company has paid the said amount on 11.11.2022.	-	-

S. No	Particulars	As at 31 st March 2026	As at 31 st March 2025
	(E) The company has received speaking order passed by the SE(OP), Suryapet, TGSPDCL dated 20-11-2025, with a further demand of Rs.3,24,69,447/- towards differential wheeling and Transmission charges, which were missed out at the time of earlier demand made by TSSPDCL on 24.11.2021, against which Rs.7,26,64,328/- has been paid by the company. The company has filed W.P No.36926/2025 before the Hon'ble High Court of Telangana to decide whether the fresh demand is time barred and if at all the amount will be paid, to whom it should be paid, whether TGSPDCL or APSPDCL/APCPDCL/APTRANSCO. The same is pending for adjudication	324.69	-
	<u>Transmission Charges:</u> (F) APTRANSCO has issued an Invoice for Rs.138.19 Lakhs towards Transmission Charges from 2004-14. The Company had made a provision for the said amount in FY 2020-21. However, the company raised a dispute on method of calculation of Transmission Charges. In this connection, an application (OP 33/2022) was filed by APTRANSCO before the Hon'ble APERC to decide on method of calculation of Transmission Charges. Pending the matter before the APERC, M/s. Sudha Agro Oils & Chemicals Ltd. has filed a Writ Petition before the Hon'ble High Court of AP questioning the action of the APTRANSCO. Therefore, on 29.11.2023, the APERC closed the matter in OP 33 of 2022 stating that as the issues raised in this OP are the subject matter of the Writ Petition before the Hon'ble High Court and also the fact that the petitioners are seeking to revise the demands, it is not appropriate to decide this OP, on merits, at this stage. Accordingly, the OP is closed.	-	-

Fair values

- The carrying amounts of trade payables, other financial liabilities (current), borrowings (current), lease liabilities, trade receivables, cash and cash equivalents, other bank balances, other financial assets and loans are considered to be the same as fair value due to their short term nature.
- Borrowings (non-current) consists of loans from banks, other financial liabilities (current) consists of security deposits from stockists.

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximation of fair values:

*Fair value of instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments are included in Level 3.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

The Company is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(A) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The analysis excludes the impact of movements in market variables on the carrying values of financial assets and liabilities .

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2026 and 31 March 2025.

All amounts in Rs.lakhs, unless otherwise stated

(i) **Foreign currency exchange rate risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the capital advances. The risks primarily relate to fluctuations in Euros against the functional currencies of the Company. The Company's exposure to foreign currency changes for all other currencies is not material. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The following tables demonstrate the sensitivity to a reasonably possible change in Euros exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

(ii) **Sensitivity**

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts:

Foreign currency exposure (EURO)

Particulars	As at March 31 st 2026	As at March 31 st 2025
Capital advances	5.93	2,737.98
Net exposure to foreign currency risk	5.93	2,737.98

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 st March 2026	31 st March 2025	31 st March 2026	31 st March 2025
Change in EURO				
1% increase	0.06	27.38	0.04	20.49
1% decrease	(0.06)	(27.38)	(0.04)	(20.49)

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in Euros, where the functional currency of the entity is a currency other than Euros.

(ii) **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates.

As the Company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

All amounts in Rs.lakhs, unless otherwise stated

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 st March 2026	31 st March 2025	31 st March 2026	31 st March 2025
Change in interest rate				
increase by 100 basis points	(270.96)	(107.31)	(202.76)	(80.30)
decrease by 100 basis points	270.96	107.31	202.76	80.30

The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.

(B) Credit Risk

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current held-to financial assets of the Company include trade receivables, employee advances, security deposits held with government authorities and bank deposits which represents Company's maximum exposure to the credit risk.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including default risk associate with the industry and country in which customers operate. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. With respect to other financial assets viz., loans & advances, deposits with government and banks, the credit risk is insignificant since the loans & advances are given to employees only and deposits are held with government bodies and reputable banks. The credit quality of the financial assets is satisfactory, taking into account the allowance for credit losses.

Credit risk on trade receivables and other financial assets is evaluated as follows:

(i) Expected credit loss for trade receivable under simplified approach:

Particulars	31 st March 2026	31 st March 2025
Gross carrying amount	4,875.14	5,807.01
Expected credit loss	(43.10)	(34.55)
Carrying amount of trade receivables	4,832.04	5,772.46

(ii) Expected credit loss for financial assets where general model is applied

The financial assets which are exposed to credit are loans to employees and loan to Wholly owned subsidiary

Expected credit losses	-	-
Net carrying amount		
Staff Loans	12.61	18.18
Total	12.61	18.18

(ii) Reconciliation of loss allowance provision

Particulars	Trade receivables
Loss allowance as at 01 April 2024	25.80
Changes in loss allowance during the year	8.75
Loss allowance as at 01 April 2025	34.55
Changes in loss allowance during the year	8.55
Loss allowance as at 31 March 2026	43.10

(iii) Significant estimates and judgements

Impairment of financial assets:

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Company's treasury maintains flexibility in funding by maintaining availability under deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements:

The company had access to the following undrawn borrowing facilities at the end of the reporting period

Particulars	As at	
	31 st March 2026	31 st March 2025
Expiring within one year (bank overdraft and other facilities)	6,496.00	6,510.00

All amounts in Rs.lakhs, unless otherwise stated

(ii) **Maturities of financial liabilities**

Contractual maturities of financial liabilities as at :

Particulars	31 st March 2026		31 st March 2025	
	Less than 12 months	More than 12 months	Less than 12 months	More than 12 months
Borrowings	19,465.68	55,802.73	16,733.19	54,668.41

Total	32,488.57	55,802.73	28,754.79	54,670.93

(iii) Management expects finance cost to be incurred for the year ending 31 March 2027 to be Rs. 6128.85 Lakhs.

35. Capital management

A. Capital management and gearing ratio

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the company's capital management is to maximise the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The company monitors capital using a gearing ratio, which is debt divided by total capital. The company includes within debt, interest bearing loans and borrowings.

Particulars	31 st March 2026	31 st March 2025
Borrowings		
Current	19,465.68	16,733.19
Non current	55,802.73	54,668.41
Debt	75,268.42	71,401.60
Equity		
Equity share capital	700.38	700.38
Other equity	74,365.89	71,542.18
Total capital	75,066.27	72,242.56
Gearing ratio in % (debt/ equity)	100.27%	98.84%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 31 March 2025.

B. Dividends

Particulars	31 st March 2026	31 st March 2025
Dividends recognised		
For the year ended, the directors have recommended final dividend of INR 0.50/- per fully paid equity share (March 31, 2025 - INR 0.60/-). This proposed dividend is subject to the approval of shareholders in the ensuing annual general meeting, hence the same is not recognised.	70.04	84.05

All amounts in Rs.lakhs, unless otherwise stated

36. Segment information:

- a) The Company's Chairperson & Managing Director and Chief Financial Officer examine the Company's performance from a product perspective and have identified two operating segments viz., Cement Division and Power Division. Operations of both the segments are based in India. As per the threshold limits prescribed under Ind AS 108 "Operating Segments", the management has identified one reportable segment "Cement Division". Other segment "Power Division" is below the threshold limits prescribed under Ind AS 108. Hence, segment reporting is not given.
- b) Information about products:

38. The Board of Directors approved the consolidated financial statements for the year ended March 31, 2026 and authorised for issue on May 29, 2026.

39. New Labour Codes

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company is in the process of restructuring the compensation of its employees and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs. The Company has assessed the financial implications of these changes which has resulted in the increase of gratuity liability by Rs.57.53 lakhs and long-term compensated absences by Rs. 12.78 Lakhs primarily due to change in wage definition. The Company has presented this incremental impact under "Employee benefits expense" in the Statement of Profit and Loss. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.
